Agreement.

We the undersigned residents of
Middlesex County, County of Utah,
desirous of forming an association
under the provisions of the laws
of this Territory for the purpose
of constructing, maintaining, and
operating in Utah a canal
to convey water from the
rivers to land lying east and
south of the town of Heber,
for irrigation and other uses
purposes do hereby agree to
contribute to said of the following
named persons to wit:

Joseph Foster
Henry J. Rogers
Wm. H. Hubbard
Edward J. Judd
Joseph B. McDonald

to make a survey of said proposed
canal and estimate the cost of
the construction of the same,
also to draft articles of incorporation
and to perform such other acts
and duties as they may deem
necessary to duly incorporate said
company, and report at a meeting
called for that purpose.
And we hereby subscribe the
amount set opposite our names
as capital stock in said company
for the purposes above mentioned.
I subscribed that a subscription list
amounting to Ten thousand Dollars

Shall be obtained, and provided further that should a majority of the subscribers hereto, upon hearing the report of the committee as here-in before provided, conclude not to form the said corporation, then we and each of us agree to pay our proportion of the expense of making said survey and estimate, and drafting the said articles of incorporation.

In witness whereof we have hereunto set our hands the 18th day of February. 1895. A.D.

The length of the canal as surveyed by us is 4000 Rods or just $12\frac{1}{2}$ miles.

We made an estimate of the cost of construction at each four rods where there was any variation in the kind of ground, and in this way, after carefully considering the times, and the cost of building other ditches, during the last two years we think that the canal as surveyed can be completed for \$12,763.⁰⁰ for labor and supplies, of course there will be other necessary expenses such as cost of locating, resurveying the canal, superintending the construction, Committee work, &c.

Chairman: Ed. Buys then gave the estimated cost of construction. Said it would cost from \$1.00 to \$15.00 per rod, said there would be an additional cost of right of way of which they could not estimate. Geo. A. Hatch said as for the right of way through Hatch & Co. land situated up the river, it would cost the company nothing, provided they be allowed to bring the water for said land through canal for said land via the Jordan Ranch
